

## Control of Both The State Conventions is Causing Big Dispute

### Roosevelt Forces are Now Claiming the Whip Hand

AND HARMON MEN EXPECT TO WORK THE UNIT RULE.

TAFT HAS CARRIED FIVE DISTRICTS.

GARBER ARGUES OHIO GOVERNOR HAS BUT 19 OUT OF 42.

By United Press.  
Columbus, O., May 23.—Control of both the coming Democratic and Republican state conventions appear in doubt today.

Where yesterday the Roosevelt forces were making no claims in regard to the Republican convention, which will elect six delegates at large to the National Convention today they are claiming that Roosevelt will have a slight majority. There will be 750 delegates. The Roosevelt forces are now claiming 337, conceding 372 to Taft.

The Harmon forces, which expected easy control of the Democratic state convention, which has power to order the unit rule of voting on the entire Ohio delegation to the National convention, are uncertain of their strength now.

Mayor Baker, of Cleveland, State Chairman Hanley, of Dayton, besides anti-Harmon leaders in Cincinnati, Toledo and other places are expected to lead the fight against the Unit rule.

The imposition of the Unit rule would mean the nullifying of the action of those congressional districts that elected anti-Harmon delegates. With the governor controlling a majority of the delegation the anti-Harmon man, being in the minority, would be forced to vote for Harmon as long as he remained a candidate before the National convention.

The claims of Walter F. Brown, Roosevelt manager, that Roosevelt secured at least 30 of the 42 delegates elected Tuesday is being born out by late returns. It seems certain that Roosevelt got two delegates in the fourth, fifth, sixth, eighth, ninth, tenth, eleventh, twelfth, fourteenth, sixteenth, seventeenth, eighteenth, nineteenth, twentieth and twenty-first; and one delegate in the fifteenth, a total of 31.

Taft it is indicated by late returns, carried the first, second, third, seventh, thirteenth, with one in the fifteenth, a total of 11.

National committeeman Harvey Garber, Wilson manager, now claims that Governor Harmon won only 10 of the 42 district delegates as follows: First, second, fifth, seventh, eleventh, twelfth, fifteenth, with one in the thirteenth, a total of 11.

### TO GRAND JURY

MAN HELD HERE FOR POCKET-PICKING GIVES \$500 BOND.

The case of George Johnson, charged with pocket-picking at the time Colonel Roosevelt was in the city, was reopened and heard before Probate Judge Hutchinson in the upper room at the court house Wednesday afternoon. Johnson's wife had come and the statement was made that evidence could be introduced to show that Johnson was not guilty as charged.

However, after hearing the evidence, Judge Hutchinson held the prisoner to the grand jury in the sum of \$500, the same sentence as was meted out by Mayor Shook. Bond was furnished with D. H. Tolson as surety. Johnson is now enjoying his freedom and his case will be thoroughly investigated by the coming grand jury.

### OPENING OF OWLS' HANDSOME LODGE ROOMS ATTENDED BY LARGE CROWD.

LARGE CLASS IS INITIATED AND DELIGHTFUL SMOKER AND LUNCHEON ENJOYED.

Almost 200 members of the Lima Nest, Order of Owls, gathered last evening and formally opened their handsome new lodge and club rooms in the Gazette block. The main assembly room has been redecorated and carpeted and is one of the handsomest lodge rooms in the state. The reception rooms, billiard and pool room, and reading room have also been elaborately furnished. Almost one thousand dollars have been spent by the order in making the home attractive, and all members present last evening were proud of it.

During the regular business meeting 40 candidates were initiated, the degree team using its new costumes for the first time. A number of brief addresses along the good of the order line were enthusiastically received and a delightful musical program rendered by the Owl orchestra. Then came a luncheon and smoker that held the attention of the members until a late hour.

Lima Nest of Owls gives promise of becoming one of the strongest in the country and its enthusiasm counts for anything this will be realized in a very short time.

### Capt. Smith Blamed And Ismay Scored

By United Press.  
New York, May 23.—A dispatch from Washington to the New York American says:

"A scathing arraignment of J. Bruce Ismay and the White Star Line officials in New York, a stern denunciation of many members of the pick-up crew of the Titanic and sweeping charges of incompetence in the management of the line will be made in the report of the special subcommittee appointed to investigate into the Titanic disaster by the United States Senate, which will be given to the Senate Thursday."

"The report will be submitted by Chairman William Alden Smith, of Michigan, who has labored almost incessantly since the afternoon he was dispatched to New York to meet the Carpathia and began gathering facts first hand."

"The report constitutes the most startling indictment of a great passenger-carrying corporation that has ever been found by an investigating body appointed by the Senate."

### PRESIDENTIAL GUNS OPEN IN NEW JERSEY

TAFT AND ROOSEVELT BEGIN CAMPAIGN IN THE MOSQUITO STATE.

LAFOLLETTE GETS IN THE FIRST WORD.

EVERY PART OF STATE TO BE VISITED BEFORE TUESDAY.

By United Press.  
Trenton, N. J., May 23.—President Taft and his predecessor in office, Theo. Roosevelt transferred their activities to New Jersey today and from now until next Tuesday will declare to the voters why, in their opinion, each is the only person who should be nominated at Chicago. Senator LaFollette "got the jump" on them by making the first speech in Jersey City last night where he confidently assured a large and enthusiastic audience that after the smoke rolled, he would be the Republican nominee.

The fight in the Republican ranks will prove most bitter and the two leading aspirants have so arranged their itinerary that they will cover every section of the state. President Taft makes three speeches tonight at Camden, at Burlington and at Trenton. He will keep on the go until next Tuesday noon, "quitting speaking" only when the ballot boxes are opened for the primaries.

Col. Roosevelt started his speaking campaign at Patterson at noon today and before he quits tonight he will give his reasons why he should win the voters in Passaic, Hackensack, Orange, Rutherford, Belleville, Bloomfield, Mont. Clair, Newark and Jersey City.

### TO MEET JOHNNY.

Chicago, May 23.—Charley White, local featherweight, is at home today after winning a decision on a foul from Owen Moran at Syracuse, N. Y. ## WILBUR WRIGHT SINKING

### Noted Aviator Now Nearing the End

By United Press.

Dayton, O., May 23.—The death of Wilbur Wright, noted American aviator and builder of aeroplanes, is momentarily expected at his home here where he is suffering from typhoid fever.

"There is just a fighting chance that my brother, Wilbur may live through the day," said Orville Wright this morning. "The doctors hold out one chance in a thousand for his recovery."

An early morning bulletin from the Wright home gave no change in the condition of Wilbur Wright. He grew worse later yesterday and remained in a critical condition throughout the night. Since last Friday his fever temperature has remained at an alarming stage, varying between 100 and 104 degrees.

According to attending physicians, Wright has been in a state of coma for two days, unable to recognize any of his relatives.

### REVISED VOTE IN DISTRICT HERE IN FULL

Following is a complete summary of the vote in this district outside of Allen county:

### AUGLAIZE.

Wapakoneta—Harmon's majority over Wilson in the preferential vote in Auglaize county is 553. The Democrats nominated George W. Holt, of New Knoxville, and the Republicans Walter S. Stuckey, of this city, for State Representatives. For delegates to Republican National Convention W. L. Parmenter, for Taft, and J. C. Pence, for Roosevelt, carried the county by 34 majority each. All Taft delegates to state convention, namely, Chas. F. Herbst of this city; Wm. Schulenberg, New Bremen; Albert Bering, St. Marys, and Ed Taylor, Unionopolis, were elected. The Democratic County Convention, which will be held May 31, will be controlled by Harmon followers. Mackenzie, for Harmon, and Browne, for Wilson, candidates for national delegates, carried the county by 35 and 103, respectively.

### DARKE.

Greenville—Owing to the mistake of not having the preferential vote of Harmon and Wilson telephoned in it is impossible to give the vote until the official count is completed tomorrow. Chris C. Appenzeller, instead of J. C. Long, as reported last night, was nominated Democratic Representative of Darke county. William T. Altie was nominated by the Republicans. A majority of the delegates elected to the county convention to select the state delegates, as well as the congressional members, are regarded as favorable to Harmon.

### MERCER.

Celina—No definite figures are obtainable on the Harmon-Wilson vote, but Wilson will carry Mercer County by between 200 and 300. Unofficial returns from all precincts in Mercer county gave Fox 2,402, Brown 1,618, Barnes 1,123, Mackenzie 758. This vote will give Fox and Brown the Fourth District by over 400. Republican: Jones 330, Parmenter 271; Pence 324, Rush 270. Republican delegates to state convention favor Taft. Delegates to Democratic County Convention, May 25, unanimously favor Wilson.

### SHOOT AT RULER

By United Press.  
Pekin, May 23.—While President Yuan Shi Kai was dining with members of the cabinet, Governor of provinces and leading Chinese officials Chang Ping Lin, a disgruntled office seeker, bribed attaches and entered the hall. He drew a revolver and fired several shots point blank at Tang Shou Yi, whom he blamed for his failure to get positions he had sought.

His aim was bad and all the shots went wild. After his ammunition was exhausted Chang was overpowered by attaches, and taken to jail. Throughout the shooting the president watched Chang closely but did not rise from his seat.

### FINAL HEARING.

The final hearing on the Mottor Joint ditch, interesting both Allen and Van Wert county, was held this morning, the engineer's report being given and the details of the same being carefully gone over. This occupied the greater part of Thursday. Many of the residents along the ditch were present in the office of the commissioners to attend the hearing and register their complaints and dislikes in the matter.

## FIERCE BATTLES WAGING

### Big Guns of Federals Slaughter the Rebels

By United Press.

At The Federal Front, Near Rellano, Mexico, May 23. 4 a. m.—The battle between the government forces under General Victoriano Huerta and General Pascual Orozco's revolutionary armies, was resumed at daybreak today at Rellano, the Rebel headquarters. The destructive power of the Federal artillery is again embarrassing the Orozco's forces even more than it did on Wednesday afternoon. Huerta's big guns are working havoc in the Rebel ranks at a distance of five kilometers, with the Rebels unable to reply. Their guns lack range.

A wounded Federal soldier was brought at 4 o'clock to the rear where Huerta forced the United Press correspondent to remain.

"We had them whipped at dark last night," he said. "Our artillery dislodged them from their positions and if we had sent our cavalry against them, Orozco could have been routed. But darkness set in and it was necessary to close the fighting for the day. All the cavalry men at the front will change the Rebel position today as soon as the artillery has been cleared of the strong opposition."

Desperate fighting was expected throughout the day. It is thought that this is Orozco's last stand and that if Rellano falls his fortunes will fall also.

### Need Not Fear.

El Paso, Texas, May 23.—Considerable alarm was expressed today that the forces of Gen. Orozco if defeated in the battle which is raging at Rellano today, will separate and fly to the American border. Llorente, the Maderista consul here, declared Americans need not fear.

### QUAKE RECORDED.

Washington, May 23.—Father Torndorff of Georgetown University, said today that his examination of the seismograph showed a severe earthquake shock last night beginning at 3:50 p. m., and continuing until 11:23. The maximum shock was at 10:36 p. m. The seismograph record was extremely irregular so much so that Father Torndorff was unable to estimate the probable distance of the earth shocks.

### HANNA DENIES IT.

Cleveland, O., May 23.—A rumor that D. R. Hanna, son of the late Senator M. A. Hanna, would be a candidate for the United States Senate, and also would be named one of the delegates at large to the Republican National Convention in Chicago as a result of the Roosevelt victory in Ohio at the primaries yesterday, was denied today by Mr. Hanna.

## Fireman Killed In Bradford Wreck

By United Press.  
Columbus, O., May 23.—Pennsylvania passenger train number 26, which left Columbus for St. Louis at 1:55, was derailed at Bradford early this morning. The fireman, Oscar Okert, Columbus, was so badly injured that he died soon after he was taken from the wreck. J. Routzong, a mail clerk, had his arm injured, but his condition is not serious. No passengers were hurt.

The entire train went into the ditch except the last two Pullmans, tearing up 5,000 feet of track. The wreck occurred at 4:18. By 9 o'clock the east bound track was cleared. The cause of the wreck has not yet been determined. It happened in the east yards at Bradford on a slight curve. Bradford is 33 miles west of Columbus and is an important junction of the Chicago, St. Louis and Indianapolis divisions of the Pennsylvania.

## COBBLERS ARRIVE FOR FOUR GAMES WITH CIGARMAKERS

## SCHANZE OR BUSH THIS AFTERNOON

## WINS BALL FIGHT

## MUNK WINS THIRD FROM BABES

(By Pete.)

Those crumpling Cobblers under the leadership of Mr. Peter Childs will be pitted against Zeke Wrigley and his scampering Stogies at San Felipe park this afternoon, beginning the first of a four game series.

In an effort to make a strong getaway, Zeke has selected Lefty Schanze to do the hurling act. Lefty has won his last three games and right now is showing better

form than any twirler on the staff. The visitors will likely use Donalds or Harter.

Those Cobblers are not going at the clip that characterized their work at season opening. The present trip has been rather a disastrous one and with their advent here they will undoubtedly attempt to intrench their first place position at the expense of the Stogies. On the other hand, Wrigley hopes to catch them on the run and get

away with at least two of the four games.

Tomorrow, Friday, is Ladies' Day. The baseball management has designated Mondays and Fridays, as the two days of the week on which rooters of the gentler sex will be admitted to the grand stand free of charge.

Mansfield, Ohio, May 23.—After two men were out in the ninth inning and Daley successfully hit home runs, tying the score. Weinberg's homer put Portsmouth ahead in the eleventh, but McCormick's double, an error and Daley's triple scored the winning runs for Mansfield. Portsmouth batted isler hard. Daley's batting and Shlegel's fielding featured. The score:

## Watching the Box Score

The Giants won their rubber in the series of five games with the Reds and are now a full fledged head of Hank O'Day's wonders.

Mathewson, well known author, who occasionally twirls for the Giants, allowed the Reds three hits and issued no passes.

The Dodgers won't lose today. They don't play.

Boston blanked Pittsburg while the Cubs were smiting the Dodgers and the Braves climbed out of the hole.

Immediately after big Ed Walsh returns from a week-end visit to the home folks in Connecticut the teams suffer yesterday it was the Yankees. He relieved Lange in the fourth inning just when it looked as if the Yankees would never quit scoring. They stopped.

Boston batted Crum Kaler to all angles of the park yesterday, winning their game, 8 to 0, with fifteen hits. The ex-Stogie had an off day.

Springsfield batted out 28 hits good for 15 runs against Ft. Wayne, yesterday. Blisland lead with four.

Hughie Tate, ex-Digger, stung the pellet for a home run, double and single, yesterday in four attempts. Youngstown won over Wheeling, 7 to 0.

Ray Miller failed to hit safely out of three tries, yesterday.

## M'CALL WAS VERY NAUGHTY

(By Pete.)

Chief McCall is a funny cuss. His peculiar sense of humor didn't appeal to Umpire, Mr. O'Brien, yesterday p. m. The over-enthusiastic Mr. McCall didn't take kindly to one of Mr. O'Brien's decisions in the third in his enthusiasm, Chief assailed his ribs with a very discourteous epithet.

"Beat it to the bench, you chump!" came back his ump.

McCall smoothed over the real estate around first base, stopped to pick up a blade of grass, went back to re-assure himself that the initial sack was clamped to the

ground and made his way slowly, oh very slowly, to the bench.

"Your delay will cost you a five-spot," yelled the peevish Mr. O'Brien.

"Yes?" queried the sarcastic Mr. McCall.

But the Chief wasn't to be trifled with. He meandered to the bench, procured his shoes and walked out in front of the grand stand. Mr. McCall then proceeded to change his kicks.

"Get out of here," ordered his disgruntled ump.

McCall didn't and his additional delay cost him an extra five-spot. Finally, Mr. McCall was persuaded to leave the stadium accompanied by a patrolman.

Nickie Francisco came to the fore with a rush yesterday. With the return of his batting eye came a couple of slashing hits, a double and a single.

Wesley Horning had a very busy field day. Out of eleven chances, he spilled a couple of miscues, but nothing got past him. The little shortstop is going great guns and tearing up the sod around second base with his spectacular work. At the bat yesterday, he engineered a couple of sacrifices and stroled the other time up.

And while the fire-works were going off, the manager of "Our Boys" was busy gathering a total of three hits for the day. Each was

a timely bingle and assisted in the tallying. At the keystone station he was a veritable host.

Rudy Munk walked eight of the infants.

The second double steal of the season was executed Jimmy Burke was on the scoring end. The play at the plate was close and Jimmy took to the dust. He was slightly injured in the collision with Ryan, but scored safely.

Duke Williams cannonered for Grandie in the ninth and responded with a timely double. The run did not consummate, however, as the next two were easy outs.

## WILL MEET BECKER.

Detroit, Mich., May 23.—Joseph Smekal, champion Bohemian wrestler who has been matched with champion Frank Gotch, will meet Carl Becker, a German grappler, here tonight. This is Smekal's last bout before he meets the champion.

## JOHNSON LEAVES.

Chicago, May 23.—Jack Johnson began preparations today for his departure for Las Vegas. Johnson said he wanted to be in first class shape for his fight with Jim Flynn on July 4, and that in Chicago he had found he couldn't get down to hard work.

Mrs. Helen Hathaway Britton, who has established her right to complete control of the St. Louis National League Baseball team, in the circuit court, at St. Louis, in her legal fight against Edward A. Steinenger, who is president of the St. Louis National League Club. Two injunctions have been granted Mrs. Britton depriving Steinenger of control of the company.

## MATTY GETS SWEET

## REVENGE ON REDS

Mr. Big Six Mathewson, the eminent novelist, stopped fictionizing long enough, Wednesday p. m. to permit his gigantic shadow to fall over those Redlegs and set those McGrawites up in first place with a full game to the good.

Rube Benton, sub. of the sunny south, the tar heel who had an unbroken string of victories to his credit, failed in his seventh victory and with his failure went the series to those murky McGrawites. The invincible one was as stung as a miser with his base hits, permitting just three of Mr. O'Day's lads to bingle. One run crossed the plate. Meanwhile, those gunning Giants were propelling the Rube's slants to every angle of the lot and piling up six runs with twelve bingles.

"The Grants ended the series by taking three out of five. Have the Reds blown?"

(By L. N. Prince.)

Nicholas Francisco's belting bluegown and Rudolph Munk's superb turret work was the combination that spelled defeat for Franklin Jarman and his teammates from the super-annuated abode, Wednesday p. m.

Nick's screaming triple and beautiful double drove in a duo of counts while the little backstopper tallied a couple himself. Inasmuch as Rudy occupied the heaving bill due credit goes to him for a clever game. The taciturn lad was wild as a Bengal Tiger, but his slants were not to be dissected by the kids and his mastery pitching in the pinches won the bout.

Zeke Wrigley's timely bingle in the seventh, his third of the marriage, pushed two Cigs across and picked the game for the locals.

Mr. Ryan shied forth into the stadium, one, Mr. Franklin Jarman, residence unknown, who was plover for our lads when bingles meant counts. Wrigley's gang pulled in a couple in the second. After Daubert had whiffed, Nicholas Francisco found his long-stem and deplorable biffing ocular and belted one to deep left for a triple, scoring Long who had stroled previously. Wes Horning's well-placed sacrifice fly scored him.

Never satisfied and profiting by the previous day's experience, those Wrigleyites exhibited nary a sign of a let-up. Zeke's solid blow and Nesser's naughty two-sacker scored the third. In the fourth, Long's single, Francisco's beautiful double and Rudy Munk's timely sacrifice soarer registered a couple more.

Our boys iced the fray in the

## BIG MOTOR RACES AT INDIANAPOLIS

Indianapolis, May 18.—(Special.)—When the big blue Nationals poked their noses across the tape in the big field of twenty-seven cars at the Indianapolis Speedway, next Memorial Day, Joe Dawson, erstwhile Marmon pilot, will be seen at the wheel of one of them. And when the race is finished thousands of Indianapolis enthusiasts are hoping that it will be Joe who receives the first olive wreath in the shape of the largest piece of prize money that has ever been hung up for an automobile race. Dawson and the National company came to terms at the last moment and Dawson, getting acquainted with his cars which has been reeling off fast laps at the big brick track.

When the Marmon factory announced that no car would be entered in the Memorial Day race, speculation became rife as to what

Dawson would do. It was rumored several weeks ago that smiling Joe might drive a National, but when his name was connected with the White Six entry the National talk died down.

There will be a big sigh of relief go up from the dogeater's camp when it is known that Dawson has picked a car. The National's speed is a known quantity, and Dawson's driving since his entry into the driving end of the game three years ago has never been questioned.

Dawson cannot be classed as a dare-devil driver. He is a product of that school of racing that believes that a car should be carefully driven. Dawson is a past master in taking care of his tires and his car, and he probably will not deviate from his cool heady driving in the coming race. Many races have been won through nursing tires and

## MANY REMARKABLE RESULTS OBTAINED

GREAT GOOD BEING ACCOMPLISHED BY APPLICATION OF MODERN IDEAS.

Intense Interest is Aroused Wherever New Treatment Has Been Offered to the Public.

There are many thousands of debilitated, nervous men and women in this country who will read this item with much interest. No in many years has a new product created so much discussion as the success of a modern triumph of pharmacy now obtainable generally of druggists, and known to the trade as Wade's Golden Nervine.

Men and women in all walks of life are enthusiastic in their praises of the new treatment. A few of their statements are here quoted: "I am thankful your treatment was brought to my notice," says Rev. Robt. Barnes, of 1133 north West street, Indianapolis, Ind. After suffering for years from Nervous Debility, your treatment certainly brought me out after others had failed. I make this statement in the hope that others may profit by it."

Mrs. Nan Williams, 542 Toledo avenue, Marion O., is a lady who received wonderful benefit. She said: "Your treatment has done me so much good. In my work I meet a great many afflicted people and you may rest assured I will recommend it, for I think it is grand."

In view of the enormous number of men and women everywhere who become weak and haggard looking old long before their time, who suffer from nervous debility, and suffer from nervous debility, nervous heart, insomnia, (sleeplessness), the knowledge that a reliable treatment is at hand will be welcome news.

The fact that this product contains no alcohol, morphine, or any other narcotic whatever, and while being exceptionally soothing to the nerves is at the same time a most efficient up-building and nutrient tonic for the system, makes a strong appeal to the discerning men and women who feel the need of a genuine restorative treatment which is free from all objectionable ingredients.

Some of the druggists report the demand for Wade's Golden Nervine is such as to warrant them in buying direct from the laboratories of the manufacturer. This was particularly the case at Red Cross Drug store.

machine. But, again, the faster the pace the better Dawson likes it. They can't drive too fast for him. "I want to win that race, so I am here with my sleeves rolled up, if you will let me drive," is the characteristic manner in which Dawson, advised, the National people that he had made up his mind.

The National people say that they received dozens of requests from drivers, old and young, experienced and green, who were eager to be behind the wheel of one of their cars in the five century grind. The selection of Dawson and Bruce Brown in addition to Howard Wilcox and Don Hays makes the National team one that ought to furnish strong competition.

### EXCURSIONS

May Be Run As Result of Row Among Railroad People.

Chicago, May 22.—At a special meeting called by Chicago today by the Central Passenger Association it is believed that the expected break of railroads on the excursion question will come, as it is understood that the New York, Chicago and St. Louis, better known as the Nickel Plate, will break away from the action taken at the April meeting to eliminate excursions this summer. At the May meeting this action was reaffirmed, but at that time there were hints that some road would kick over the traces and run excursions, despite the fact that the association had put itself on record against them. Whether any more roads will decide to run excursions will depend upon developments at today's meeting.

## DON'T PULL OUT THE GRAY HAIRS

A FEW APPLICATIONS OF A SIMPLE REMEDY WILL BRING COLOR.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. H. F. Vorkamp.

## The Cross Country \$1650 The Most Comfortable Car In America Selling Below \$2500

It's a 38 h.p. five passenger touring car with 120 in. wheel base, 56x4 inch tires and demountable wheels—a rare combination of power, comfort and appearance.

It's long—it's low—it's roomy. Low with drop frame and new spring suspension. Long with front axle set forward and straight line torpedo body. Roomy with tonneau seat four feet wide—31 inches of leg room—enough for the tallest man—27 inches from front seat to dash and wide elbow room at the wheel. The most comfortable car in America selling below \$2500.

### Ride 200 Miles Without Fatigue

Step into this car and you are dominated by a feeling of spacious ease and gratifying comfort. In a ten minute ride you grin in spite of yourself through rare delight. You may tour all day with pleasure and return without fatigue.

The upholstery is of such pleasing softness that even the invalid may ride without discomfort—cushions 8 inches deep made from finest selected long hair. Rear cushion has 45 double acting steel spring coils.

Front springs 39 inches long—rear 52 inches long—axle of I-beam type set forward under radiator—road clearance 10 inches—front edge of tonneau seat 9 inches ahead of rear axle—front seat 45 inches wide—120 inch wheel base and 36 inch wheels.

Now, do you wonder that it's the easiest riding—easiest to drive and easiest to turn around—no other make at \$2,500 can touch it.

You must experience the feel of that Cross Country wheel. It's a delight. Think of the unconscious

ease with which you guide a bicycle. It's just that. Your arms don't tire. Your legs don't cramp. Both levers are inside and the sound of the motor—just the sweetest hum that turns instantly into a snappy roar when the cut-out is open.

Silent, long and lean, with swift moving lines, the Cross Country has grace, suggestion of speed and beauty of contour.

It has climbed the most famous hills in America, running like a greyhound. To drive this car is exhilarating. It runs like a spirited horse. You touch the throttle and its away.

### Looks Like \$2500

A big car of exceeding beauty; few people have guessed its price on sight at below \$2500. Finished in English Purple Lake—a rare shade of deep maroon—trimmed in nickel, with bonnet, fenders and filler in black enamel, with 9x4 inch lamps in black enamel and nickel. You'll find the same equipment on cars selling at \$2500.

Fenders of sweeping grace, radiator of new and distinctive design—doors 20 inches wide and open fully with no outside latches.

Rakish, low and balanced perfectly, you can put it around a corner in a jiffy and the rear end will hug the road.

The Rambler was first to offer a real bicycle for less than \$100. The Rambler is now first to offer a real car below \$2000. Write for the name of the nearest dealer—ask for the Rambler catalog.

### Ten Other Styles, Including Open and Closed Cars of 38 and 50 Horse Power

## IMPROVEMENT WORK STARTS ON ERIE ROAD

DOUBLE TRACKING CREW BE-  
GINS WORK SEVEN MILES  
EAST OF LIMA.

The right of way of the Erie rail-  
road between this city and Harrod,  
12 miles east of Lima, will present  
a busy scene during the next few  
weeks, while a force of from 125  
to 150 laborers will be engaged in  
the task of building twelve miles of  
double track for the road, one  
link in the improvement that is to  
extend from Marion to Chicago.  
The camp for these laborers has al-  
ready been established near West-

minster station, six miles east of  
this city and Lima will be the base  
of supplies. Work will be started  
at the camp scene point and will  
extend both ways from there until  
Harrod and Lima are reached.

Frank N. Merkle, former res-  
taurant proprietor of this city, has  
been engaged as steward and camp  
chef for the construction men.

C. H. & D. Inspection.  
Changing their plans at the last  
moment, Third Vice President A.  
W. Thompson, of the Baltimore  
and Ohio; General Manager W. C.  
Loree and General Superintendent  
H. B. Voorhees, of the B. and O.  
Southwestern and C., H. and D. ac-  
companying a number of other  
officials, arrived in Cincinnati last  
night says the Enquirer. They  
went over the Wellston Division of  
the C., H. and D. yesterday, switch-  
ing to Portsmouth over the N. and  
W. and came back to Cincinnati  
over the Portsmouth Division of  
the B. and O. They will leave this  
morning for a trip to Indianapolis  
over the C., H. and D. and work  
their way down to Olney, Ill., to the  
Southwestern and return to this  
city.

Mr. Thompson said that he found  
the C., H. and D. in good condition,  
especially the track. "It looks to  
me that all the road needs is a  
big volume of business," he said.

He admitted that more motive pow-  
er will have to be turned over to  
the C., H. and D.

Improvements in the Cincinnati  
and Toledo freight terminals will  
be recommended by Mr. Thompson,  
while the double tracking north of  
Dayton will be pushed rapidly this  
summer.

### STANLEY'S BODY

WILL BE TAKEN TO DAYTON  
FOR BURIAL—WIFE  
IS ILL.

The remains of W. C. Stanley,  
the moulder, employed at the Ohio  
Steel Foundry, who died from the  
effects of an overdose of headache  
powders enroute to the hospital  
Wednesday noon, still rest at the  
Whitley undertaking establishment.  
Information received from Dayton  
is to the effect that Stanley's wife  
is in a critical condition and it is  
not considered judicious to send the  
body home at this time. The  
moulders of Dayton have taken the  
plans of final disposition of the body  
in hands and will notify Undertak-  
er Whitley when to ship the body to  
that city. However, it is believed  
the body can be taken down Friday  
and Undertaker Whitley will go  
along.

The representative of the Pruden-  
tial Insurance Company of Indian-  
apolis, was in the city and acquain-  
ted himself with facts concerning  
the death of Stanley, whereupon the  
policy for \$400 was paid. This  
policy was found in the dead man's  
pockets at the time of the accident.

### FRIENDS VIEW BODY.

Many loving friends have viewed  
all that is mortal of Mrs. Lydia Hol-  
land, the noble old lady whose  
death occurred when in her ninety-  
second year. The body rests at the  
home of her daughter, Mrs. James  
McKinney, of 724 west North  
street. The final services have been  
arranged for Friday afternoon at  
two o'clock at the McKinney home.  
The Rev. M. B. Fuller, of Trinity  
Methodist church, will conduct the  
services. The body will be laid to  
rest at Woodlawn, following the  
services.

### ST. ROSE WINNERS.

At the Erie diamond yesterday  
the baseball team of St. Rose de-  
feated the team of St. John's by a  
score of 20 to 7. Quite a number  
witnessed the game, which was very  
interesting.

Mack made a three base hit;  
Miller two two base hits, but the  
single base hits were too numerous  
to count.

### MARRIAGE LICENSES.

Late Wednesday afternoon two  
couples were granted licenses to  
wed in the Allen county probate  
court. They were Elsie S. McCluer,  
22, farmer and Eva May Underwood  
18, both of Harrod; Clifford D.  
Edgcomb, 20, railroad, of 225  
west Kibby street, Lima, and Jose-  
phine Ribley, 20, of 586 north  
McDonald street, this city. The  
Rev. Father Schweiner was named  
as the priest to officiate.

Thursday morning Frank P.  
Smith, 22, 501 1/2 maker of 4-3  
Last Pearl street and Mary Rita  
Gardner, 21, of Spencerville, were  
licensed to wed. The Rev. McCague  
was named as the officiating clergy-  
man.

### BACK TO THE SOIL.

Daniel Bowsher, nominated for  
county clerk of courts, has gone to  
his country home, just out of Lima,  
to recuperate. Mr. Bowsher work-  
ed hard before the election and his  
health is somewhat undermined. He  
says it is back to nature and the  
soil for him until he thoroughly  
recuperates his strength.

### TAKEN SUDDENLY ILL.

### Police News

Henry Fitzgerald, a one-legged  
tramp, was discovered sleeping in  
a box car on the Pennsylvania  
tracks, last night, and arrested.  
This morning Mayor Shook ordered  
him released with the stipulation  
that he leave town at once. He  
promised to do so.

George Johns, a drunk who has  
been a guest of the city prison since  
last Saturday, was given his re-

Johns' dismissal only one prisoner,  
Frank Claire, being held on suspi-  
cion of having stolen a dozen pair of  
shoes, remains as an inmate of the  
barracks.

It develops that it was Joe  
Swickrath and not John Swickrath  
who was mixed in the neighborhood  
row on north McDonald street  
which had an airing in police court  
yesterday morning. The two men  
are brothers.

IN ACCOUNTS AT OHIO  
PEN.

By United Press.  
Columbus, O., May 23.—After  
examining the evidence of shortages  
in penitentiary accounts, attorney  
general Hogan today ordered the  
arrest of Irwin N. Rex, of Tiffin,  
former chief clerk of the peniten-  
tiary, on a charge of embezzling  
\$5,125 of penitentiary funds.  
An affidavit was prepared and  
sworn to by E. Frank Brown, fiscal  
agent of the state board of admin-  
istration, whose examination of  
penitentiary accounts disclosed the  
shortage. It will be filed in police  
court here today.

Hogan gave the decision to Sen-  
ator Frank Dore Rex's attorney,  
who promised to bring Rex to  
Columbus. Dore says that ball has  
been provided and that Rex will  
be immediately released on bond.

The board of education has filed  
a petition in common pleas court,  
asking for the transfer of \$8,000  
in money from the building fund

at a meeting of the board of edu-  
cation on May 14. The money is  
not needed in the building fund,  
but the contingent fund is depleted.  
G. W. Muntis, president of the

## MAY MUSICALE FRIDAY NIGHT

PROGRAM PROMISES TO BE  
OF UNUSUAL MERIT.

Friday evening in Memorial hall  
the musical season will reach a cli-  
max in the May Festal to be held  
at that time. A mixed program  
will be given and not just one or  
two, as has been the usual custom.  
The festival promises to eclipse  
even former efforts in Lima, which  
are always considered among the  
best things musically in this part  
of the state.

The High School Girls' Glee  
Club will sing the first part of the  
program, devoted to Abt's "Sum-  
mer."

Prof. Fred M. Calvert, supervisor  
of music in the public schools, will  
direct the club. About one hundred  
and fifty young ladies will take  
part. The accompaniment will be  
played by Hugh Hunter's string or-  
chestra.

The soloists in this number will  
be Florilla Gilbert and Bess Ker-  
shaw, taking the soprano part; Irene  
Haruff, mezzo-soprano and Marie  
Kelly, contralto. Violet Bradley  
will be pianist.

The second part of the program  
will feature Grace Hall Richelbauer,  
soprano, of Pittsburg, in this  
group of songs: "Nansica's Song"  
from "Odeyesscus," by Cadman,  
"Die Lorelei" by Liszt; "Staccato  
Polka" by Mulder.

The rendition of Rossini's "Sta-  
bat Mater" by a mixed chorus will  
close the evening's festivities. The  
soloists will be Grace Hall Richel-

bauer, soprano, Mildred Sonntag,  
contralto; James A. Grubb, tenor  
and Fred M. Calvert, bass. Prof.  
Mark Evans will direct the chorus.  
The string orchestra will play the  
accompaniment.

### LOCAL TALENT, TOO.

Talent from the Lima Choral  
Society will compete at the Elsted-  
ford, to be held in Gomer on May  
28, the sessions to be held in the  
Welsh Congregational church. A  
male chorus of thirty voices hopes  
to secure the first prize and bring  
back the honors to Lima. At the  
Elstedford, to be held in Venedocia  
on Decoration Day, Prof. Mark  
Evans, of Lima, will be adjudicator  
of music. The Lima society will  
not, however, compete for any prizes  
at this gathering.

### CLEVER PROGRAM

Serves to Entertain Music Lovers at  
The Elks' Home.

Mrs. J. R. Melly delighted a  
large gathering of music lovers at  
the Elks' Home Wednesday evening,  
when she served as soprano soloist  
at the third annual recital, arrang-  
ed by B. S. Porter & Son, to show  
off the merits of the pianola. These  
musical events are always pleasing  
and much credit is due the Porter  
company.

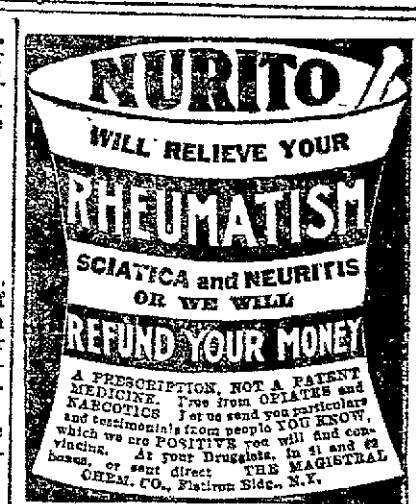

Mr. C. H. Adams, of New York  
City, gave the instrumental num-

vantage. In connection the vicro-

## LITTLE THINGS IN LIFE.

There used to be a paraphrase, "In Onion there is strength," which is no longer a joke. The state of Texas is selling \$4,000,000 worth of onions a year. Furthermore the manager of the crop draws a salary of \$7,500 off the onions. It takes \$300 cars to haul the crop to market, and farmers make from \$250 to \$500 an acre off the crop.

The crop is just now moving, and moving it forms the greatest part of the labor, for it is comparatively easy to raise onions. Land that has sold for \$1 and \$2 an acre is good onion land. All the work of planting, cultivating and harvesting the crop is done in the late fall, winter and spring. After the crop is shipped in April and May the onion farmer has nothing to do until August, except spend his money. By the time the weather of the spring is over and the days begin to get hot, the onion raiser is through.

And the system of selling is well organized. The sales manager—he handles the entire crop—starts 400 cars. He does not know where they are going, but they are on their way. He receives frequent reports from the markets all over the country and he directs the cars by telegraph to the market where there is a shortage, or where prices are better. The Bermuda onion is the onion raised, and soil suited to the culture is difficult to find, not only in Texas but elsewhere. Ohio and Indiana soil would not suffice.

It is worthy of notice that a single state sells four million dollars worth of onions a year and it would serve to show what may be done with special crops when properly handled. Farmers all over the country are steadily getting into farm economics, and every year finds them surer that after all "the little things that count."

## "DON'T BE TIRESOME"

One of the suffragettes at the recent convention in Louisville delivered herself of the following admonition:

"Whatever you do, don't be tiresome. Better be vulgar. This is a vulgar age. Be loud; be yellow; be anything to be picturesque. Better go to extremes than bore people."

Presuming that the lady is correctly quoted, she has jumbled words without a hint of wisdom. She has given advice that is foolish, and in so doing has fallen into the hole against which she has warned her sisters, for she is certainly tiresome in her tirade. She does not seem to know that there is nothing more tiresome in a woman than vulgarity—nothing which so bores people as for a woman to be loud. If, as she says, this is an age of vulgarity, then the woman who is not vulgar would be all the more picturesque; all the less tiresome. For whatever may be said of the desires of the human race, it is certainly for something that is different. You could eat water at a dollar a drop if the seas were wine.

The truth is there has never been a period in the world's history when modesty was so appreciated

in women as at present, never an era when the quiet, demure girl was more becomingly conspicuous. There has never been a time when the loud yellow woman attracted less attention or occupied so cheap a place in the esteem of the community. So a better piece of advice would have been, "Do not be vulgar; be quiet; never yellow; be demure and modest—and the world will be laid at your feet and the ballot box be opened unto you if you want it."

## SIGHING.

One by one our fondest traditions are being smashed.

Every day we pick up a paper to read of a new and wonderful discovery that robs us of our dreams, snatches away our fondest anticipations and leaves us wondering what is going to befall us next. We stood for it when it was explained that a sneeze was not the advance agent of a cold. Again when a scientist discovered that bad dreams were caused by sleeping with a pillow beneath the head, we gladly loaned ours to our bedfellow and took it for granted the scientist was right. But now, listen, they've gone further and are robbing us of the good old-fashioned sigh. There isn't any such thing, they say as sighing in ecstasy. We wish there were that we might use that kind of a sigh every time we hear of some scientist quitting the job. But here is the latest finding of the Cleveland wise man who would rob us of our sigh—here it is in his own words:

"The sigh is simply nature's method of satisfying the lungs which demand a certain amount of oxygen. Short breaths will not supply them, and finally nature asserts herself in a sigh that forces a great breath of air."

"This satisfies the hunger of the lungs and they go on with their work for a while longer, when they will force another sigh."

"Many people, particularly women, have a reputation of gloomy dispositions because they are in the habit of sighing often. The melancholia is nothing but a mental hallucination and the sigh usually a sign that the clothes are worn too tight."

At last a New York woman has solved the wifely-beating problem. She knocked her husband down with a coal shovel and then called a policeman and had him arrested.

If you haven't whitewashed the fences about the place yet, get that Lorimer committee to do it for you. Look what a tasty job they did on Lorimer.

SHE BURNED THE HOUSE.

A woman in Montana sat down the other day and thought about house cleaning—about the carpets and rugs to clean, the woodwork to wash, the bedding to wash, the curtains to wash, the porters to wash, the stairways and the railings and the floors and the steps and the windows and everything else to be washed and cleaned—and she got so worried over the prospect that she set fire to the house. Do you blame her? If she had only known as you do that Esak Task soap will do half the work of washing and cleaning, she would have felt more cheerful. ## ROPE BREAKS AT A HANGING

AND MAN'S BODY CRASHES TO  
THE PRISON COURTYARD.

Lancaster, Pa., May 3.—As he shrieked a vain protestation of innocence when the trap was sprung, the body of Antonio Romezo, doomed to die for the murder of a companion, Tony Serina, some months ago, was executed on the gallows here today. As it reached the bottom of the drop the rope broke just above the knot and the body crashed on down to the prison court yard, while several of the spectators looked over, horrified by the occurrence.

The sheriff and his deputies hurried down and picked up the form of the murderer, rendered unconscious by the fall. Another knot was tied in the rope and it was readjusted and the trap again sprung. This time the hemp held and the condemned man died slowly of strangulation.

Up to the time that he was ordered to walk to the gallows Romezo refused to credit the belief that he must die. He laughed and joked with the prison guards and insisted that the entire plan of trial and sentence was a huge joke designed to scare and make him confess to a crime about which he knew nothing.

JOHN W. BOWERSOCK CHARGES  
WIFE WITH GROSS NEG-  
LECT.

John W. Bowersock filed suit for divorce from his wife, Emma, to whom he was married in Elida, April 12, 1896. The couple having two children, Gladys, aged 15 years and Cecil, 12 years of age. He alleges gross neglect of duty, in that for the past twelve years the wife has refused to live with him for a month at a time and that during the past three years, for as long as two months at a time she has been absent from her duties. The last four months she has refused wholly to live with him, he says.

Bowersock alleges she ordered him from their home and threatened violence if he did not go at once. He goes on to say that she will not permit him to enjoy the comforts of their home and the association of herself and the children. And then Bowersock states that he never gets to eat any meals in their home, although he supplies and maintains and clothes the children. He asks for absolute decree.

A child's broom will be found most useful in sweeping under heavy pieces of furniture or in small spaces where it is not easy to use a broom.

Keep two calendars at hand; they will be found most useful, one to tear off, the other to keep to refer back to past dates when necessary.

A dainty little ruffling for the house dress is made of the footings of lace used as a good deal a few years ago. Baste or plait on double to a narrow binding, and put into the necks of all the washable morning dresses. These ruffings launder well.

A very easy way to tint lace any desired color is to use oil paints, the kind which comes in small tubes used by artists. Thin it with gasoline and dip a small piece of lace to get the right shade.

To make handkerchiefs look like new that have been washed, iron when very damp, or add a very little starch to the rinse water.

Instead of sweeping the carpets so much with a broom, cover the broom with a bag, dampen slightly and rub it over the carpet in the direction of the pile. It will not be necessary to sweep it so often.

A hearing of the case was held shortly afterwards in Chief Mack's office at the Central department. A score or more of colored residents of that locality together with Mendenhall, Johnson's wife and others were called in to testify. Following the investigation, the testimony taken was forwarded to State Fire Marshall John Zuber, of Columbus, who will give a decision therefrom. Johnson, who is charged with incendiarism, was not summoned to the hearing.

BROUGHT BACK FROM CALI-  
FORNIA ON ABANDONMENT  
CHARGE.

SHERIFF WATT TRAVELS 6,000  
MILES TO GET HIS  
PRISONER.

Ray Vaughn, aged about 25 years, was brought back from Los Angeles, Cal., Thursday morning by Sheriff Marion Watt and now is a prisoner in the county jail. Vaughn was indicted by a recent grand jury on the charge of abandonment of his two minor children, who are now with their grand par-

ents, Mr. and Mrs. Huber, in Bluffton. His wife, who before her marriage was Wilda Huber, is now a resident of Lima.

Vaughn was operating a barber shop in Los Angeles, Cal. Sheriff Watt spent some time in locating his prisoner. The official left Lima four weeks ago last Saturday for the west and has spent the time in hunting for his men. He also brought in a man who is held to answer to a secret indictment and whom he located at Mattox, N. D. Sheriff Watt and his prisoners reached Lima at an early hour this morning. The sheriff had traveled a distance of about 6,000 miles.

Vaughn has not yet been arraigned. His father lies in a dying condition at the home of a brother, Jesse N. Garner of 919 Tanner avenue. Only ten days ago Mrs. Vaughn reached Ohio to care for the sick father. The boy now in jail is their only child.

For each unmarried person in society one card is left. For name of a small up-to-date book of Etiquette send me a self-addressed, stamped envelope in care of the paper.

## MADAME MERRI.

## REPLIES TO QUERIES

HINTS AND ADVICE ON ALL KINDS OF SOCIAL FORMS.

Mrs. Merri, Most Noted Authority on Such Subjects, Also Furnishes Helping Ideas for Variety of Home Entertainments.

I want your advice-and hope I don't ask too many questions of you.

Will you suggest a buffet supper for a simple home wedding?

Does the bridegroom furnish the flowers for the bride and her maid?

What floral decorations, and what flower for the bride's bouquet would you suggest for a February wedding?

Is it the proper and necessary thing to make a gift to the bride-maids and to the pianist also if they are relatives? And for the groom to present the best man with some gift? What would you suggest as being appropriate?

Is a black suit, white vest, white shirt and tie a conventional dress for an afternoon wedding-Fat.

For a winter buffet supper have scalloped or creamed oysters in patties, chicken salad, cold turkey coffee, olives, salted nuts, ice cream cake, bonbons. The bridegroom presents the bride and her attendants with their flowers. In large cities most of the spring flowers, like hyacinths, tulips and jonquils, are obtainable in February; roses are always lovely with carnations, which are acceptable and beautiful at all seasons.

It is quite customary to present the attendants and pianist with some token, usually a pin or something for personal adornment. The men of the party must always have scarf pins or cuff links besides ties and gloves.

Questions From "A. M."

Would you please tell me what would be a proper gift to give to a girl friend whom I have been keeping company with for awhile, as she graduates from the public school this year. Is it proper to give a present when graduating from public schools?

Do you think a girl eighteen years old and a girl seventeen years old would be too young to keep steady company, and go to a show or entertainment once in a while if her parents don't object? Do you think we would be too young to attend private dances at times? A. M.

It has become quite the custom to bestow gifts on graduates and I would suggest a new book, a card case, a box of candy prettily put up. I think that young people your age are too young to go with each other steadily, for it is not fair to either of you. See a lot of other girls and boys and be good friends with all. We cannot help having our preferences, but it is just as well not to express them decidedly too early in life. Take the girl out occasionally.

## Birthday Party for Ten-Year-Old.

I wish to give my little girl, who will be ten years old the 25th of February, a birthday party. The guests will number fifteen or twenty ages ranging from seven to twelve years. What would you suggest for refreshments, games, prizes, souvenirs, etc.? I do not wish for anything elaborate, but would like something different. Please answer in the Sunday paper. Thank you-"Anxious."

For refreshments you must have ice cream, or it would not be a party. Also a big frosted cake with ten candles and "one to grow on." At the age of ten girls love to dress dolls, and I heard of a most successful party where the girls dressed wee dollies, and prizes were offered for the best one. An hour was allotted to the task. A box of letter paper and a box of candy make excellent prizes, or cups and saucers. Cunning little baubles may be given for favors.

Questions From "Perplexed."

If a girl of seventeen never has had a sweetheart or does not care to go with boys at this age, do you think it is right to call her "old maid." She thinks it looks unduly like to flirt and have regular sweethearts at the age of seventeen.

Do you think a stenographer is a desirable position for a girl?

Which are worn more now, large hats or small ones?-Perplexed.

I think it is most unkind and rude to make fun or hurt at one's feelings and a girl is or no means an old maid. The position of stenographer is often a very desirable one. Both large and small hats are worn, depends upon which is most becoming, and on which occasion it is to be worn.

## WHEAT COULD NOT KEEP CLIMBING

Chicago, May 23.-Wheat failed to keep up its strong selling of Wednesday, when sensation after sensation occurred in the pit. It was hardly expected that any further advances would be made Thursday, but at the opening Thursday when the July crop went up 1-2 cent it looked as though still other big deals were to be made. Corn went unchanged at the opening. Oats gained a half-cent and the noon hour wheat had dropped 5-8 for July and 2 1/2 for Sept.; corn dropped 1-2 for July and 1-3 for Sept. and July oats went unchanged with the Sept. crop selling an eighth down. The close showed: Wheat, July down 1-2; Sept. down 5-8; Corn, July down 1-2; Sept. down 3-8. Oats, July up 1-2; Sept. down 1-2. Provisions lower.

Attempts to reinstate holdings of wheat that had been thrown overboard in semi-panic less than a week made clear the fact that offerings were decidedly scarce. A big broad market soon developed and the buying was especially active as the day drew to a finish. Excellent cash demand, better flour sales and the firmness of cables all helped to frighten shorts and to add to the courage of bulls.

Influenced by wheat and by liberal shipping sales corn displayed a degree of strength for which but few dealers were prepared. Receipts were small and with the planting season already far too late there were predictions of more bad weather cast off the Missouri River.

Not to Speak Of.

"Has anything ever been discovered on Venus?" asked the student of astronomy. "No," replied the old professor, whose mind had slipped a cog and transported him into mythological fields; "not if the pictures of her are authentic."-Chicago News.

## COUNCILMAN HELD UP BY A HIGHWAYMAN

GUY S. CUSTER SHOT BY BANDIT DURING A SCUFFLE.

SUBMITS TO SEARCH  
AT POINT OF GUN.

POLICE ARE UNABLE TO GET  
A LINE ON THE GUILTY  
PARTY.

City police officials, today, are investigating the hold-up and robbery of Councilman Guy S. Custer, 1102 west High street, which transpired Wednesday evening at 10 o'clock in front of the Pogle residence at 763 west North street. Chief Vermillion admitted this morning that police have failed to scent the faintest clue to the highwayman. Today, Councilman Custer is suffering from a bullet wound in his right hand, inflicted when the bandit shot during the scuffle.

Passing along west North street shortly before ten o'clock last night, Mr. Custer was confronted by an unmasked highwayman who stepped from the shadow of a tree in front of 763 west North street, and held him at gun's point. The councilman attempted to resist the hold-up man, with the result that the robber pulled the trigger of the revolver and two bullets were fired. One of these grazed the index finger of Custer's right hand inflicting a painful injury. Seeing further resistance useless, the councilman submitted to a search, the highwayman securing approximately \$3.00 in money. Then, ordering Custer to walk straight ahead, he darted down an alley and disappeared. Custer made a dash for the Kemmer home at 775 west North street, from where he telephoned the police.

The belated arrival of the night police force gave the bandit time to escape, and despite the fact that Chief Vermillion, Captain Earnest and a detachment of patrolmen and plainclothesmen scoured the local-

ity, no trace of the fellow could be found. Mr. Custer's injuries were dressed by Dr. Peters.

The councilman describes the man as a muscular fellow of medium height, probably thirty years of age. The fact that he shot when Custer attempted to snitch the gun from his hands, marks him as a hardened criminal, one of the desperate type.

Two unknown men, according to the councilman's story, were standing on the corner nearby when he was accosted by the bandit. These men at the first shot a few moments later as Custer stood parleying with the highwayman, a pedestrian passed. Evidently, he little suspected that a hold-up was in progress.

The robbery has given the police a mystery to unravel but up until noon today there were no new developments in the case.

Over in Mercer county, Pat Dugan, well known here, was defeated for the democratic nomination for probate judge by the narrow margin of 65 votes, his successful opponent being Orville Raudabaugh. The contest was a three-cornered one and the finish was a close one, the winner receiving 1239 votes; Dugan, second man, receiving 1234 and the third man, Schlosser, receiving 1126. The county ticket which was nominated was as follows:

Representative, G. J. C. Wintermutter, Probate Judge, Orville Raudabaugh; Auditor, John F. Steinbrunner; Treasurer, Frank Benke; Recorder, Henry J. Steiner; Prosecutor, Burl A. Myers; County Commissioners, Bernard Evers, Marion township; Henry Behrens, Dublin township; Andrew Brunswick, Granville township; Clerk of Courts, Walter L. Johnson; Sheriff, Shell M. Fisher; Surveyor, Dillon Smalley.

Former state senator M. D. Shaw lost his fight for the probate judgeship nomination, in Auglaize county, Jacob T. Koenig being the winner. W. A. Burkhardt, of Oriskany, also lost the race in that county for representative, being second man in a four cornered race. George W. Hall will be successor to Hon. J. J. Connaughton in the Ohio general assembly. Former marshal James Shockey, of Wapakoneta, was nominated for sheriff. Big, good natured Charley Fisher lost the contest for auditor, Fred W. Langhorst being the winner.

## GENERAL

DEBILITIES OF AGE RESULT IN  
DEATH OF MRS. COVER.

PASSES AWAY AT HOME OF  
DAUGHTER ON HIGH  
STREET.

Mrs. Mary Cover, mother of Mrs. J. E. Cover, city hardware dealer, passed to rest Thursday morning at four o'clock, at the home of Mrs. M. A. Cantwell, of 619 west High street. Death was due to general debility. She had not been ill, but the attack which ended in death seemed to come as the result of a general break down of the old body. Mrs. Cover was 87 years, 3 months and 5 days of age.

She was born in Licking county, Ohio, in 1825. For many years she has been a widow, having reared Mr. Cover and another son, J. C. Cover, of West Plains, Mo., to manhood. Up to the time the Cover family moved here from Ottawa about six years ago, Mrs. Cover lived with her son there. After they became settled here, she came to Lima and has resided here ever since. Following death, the body was removed to the Cover home at 120 north Baxter street.

Funeral services will be held at the Cover home Friday morning at 9:30 o'clock. The Rev. I. N. Thomas will officiate. The body will be shipped Friday noon over the Cincinnati, Hamilton and Dayton to Brownsville, in Licking county, where on Saturday it will be laid to final rest.

**Turn to Wooden Flooring.**  
The use of wooden flooring is on the increase in Italy, taking the place of the former extensive demand for marble, tiling and cement. Oak, larch and pitch pine are mostly adopted, and but little, if any maple, birch or beech has been brought to the market.

Last Tuesday evening, Miss Ethel Kanawh pleasantly entertained the members of the Agenda club at her home on east Findlay street. Business matters and embroidery work occupied the delightful time until the hour of ten. The guests were then ushered into the dining room which had been prettily decorated for the occasion. Fragrant clusters of lilies-of-the-valley adorned the table and tiny bouquets of the same flowers were given as favors. A dainty luncheon consisting of the following, concluded the evening's enjoyment:

Business and pleasure combined was the motto of the ladies of the Round Table at their meeting with Mrs. George Quail of west Wayne street, Monday afternoon. About twelve members were present. Among the most important of the business transactions was the perfecting of arrangements for a picnic to be held at the City park in about two weeks. The remainder of the afternoon was spent socially, many of the ladies working on bits of fancy needlework while a conclusion to the afternoon's enjoyment, the hostess served dainty refreshments of ice cream and cake.

The small tables, arranged for the games, were adorned by baskets of violets and lilies-of-the-valley. Four tables of bridge were played, and after the interesting series of rubbers, it was found that the hostess held the highest score.

A unique feature of the afternoon's enjoyment was the dainty luncheon, which was served on the shady east porch. The delectable menu was constituted of:

Bouillon  
Escalloped Chicken

etor of the Hotel Norval, of this city.

An enjoyable event of the week was the pleasant evening spent by the Calanthians and a number of guests, at the home of Mrs. E. W. Stump, on west Wayne street, Wednesday. A very pleasing feature of the occasion was the fact that every member of the club was present to participate in the festivities.

The rooms of the home were beautifully decorated with blossoms of the season—lilies, snowballs, and field flowers intermingled with ferns. The evening was devoted to several interesting games of euchre, which resulted in the winning of the club prize by Mrs. James Pittilla, and the guest prize, by Mrs. W. L. McClain. Both prizes were beautiful hand painted plates, the art work being the handiwork of the hostess.

After the games, the guests partook of a delectable luncheon, faultlessly served by the hostess. The menu was constituted of:
